Probe College Fair Tour: Georgia Southwestern State University hosts the annual Probe College Fair Tour from 8:30-11 a.m. Oct. 3. These are free events for Georgia high students. The popular fall fairs are conveniently located to allow maximum student participation. For many, Probe is their first and best way to get information about prospective colleges. The annual series of events also gives universities the chance to recruit new students. To see a full list of participating schools and tour locations visit [www.gaprobe.org](http://www.gaprobe.org) or look on the event tab.
